Description:

A retelling of the beloved classic for the youngest readers, in honor of the 75th anniversary of Little Golden Books! Young Jim Hawkins was aboard a ship on a grand adventure—searching for pirate treasure! So begins this simple but lively retelling of one of the greatest books in

children's literature. Preschoolers will enjoy listening to this entertaining tale of Long John Silver, gold doubloons, and a young boy who gets caught in the middle of it all! Adapted for preschoolers who can't get enough pirate stories, this new Little Golden Book will become a storytime favorite.

I would give this review zero stars if I could. This is not a legit book but rather some bound version of a combo typed/xerox copy of the original, made in the USA, San Bernardino, California, 25 June 2017, 3 days ago, upon my order apparently. This was going to be a gift for a 9 year old looking to engage further in chapter reading. No longer. I thought a rollicking pirate adventure, illustrated by N. C. Wyeth, might be fun. This poor replica is anything but fun...the cover is pixelated and the illustration plates are muddied grays, and I haven't even addressed how a 9-year old is going to try to read the disjointed copy spacing and chapter headings, as well as typos and misspellings. Please see photos. On top of this my copy was bent and sticky, go figure packing crew. 100% dissatisfied long-term Amazon customer.
